Employee Name Alt

Naz Modaresahmadi

Performance Ratings

Communication Rating

Collaboration Rating

Professionalism Rating

Technical Knowledge & Expertise Rating

Workflow Implementation, Management, Execution Rating(Projects, Proposals, Employee Relations,...)

Performance Comments

Communication Comments

Communication is sufficient but could be improved.

Written: Greater attention should be given to checking for spelling errors and typos.

Verbal: Generally good, but at times a bit too quiet. Naz would benefit from more practice communicating with consultants and clients.

Collaboration Comments

Naz contributes to a team-based, collaborative working environment with her peers. She offers team members help when needed and is open to listening to others' opinions and accepting advice.

Professionalism Comments

Naz conducts herself in a professional manner, though at times she could be more assertive in group conversations.

Technical Knowledge & Expertise Comments

Naz's technical knowledge is expanding as she gains more experience working on various projects within the office. Recently, her focus has been on exterior design and detailing. It would be useful to her development to seek out opportunities with a broader technical reach, tackling general issues related to building code and life safety.

Workflow Implementation, Management, Execution Comments

Naz produces high-quality work and completes tasks in a timely manner. Essential to her continued growth, I encourage her to take on more responsibility and support project leadership by actively establishing priorities, identifying issues, and defining tasks for herself and the team to keep the project moving forward.
